

INTOPO™ System TwistLok

| CATALOG NUMBER | DESCRIPTION | QTY/BOX |
|----------------|---|---------|
| TL-7773 | TwistLok connector | |
| TL-INT-03 | 3ml syringe | 100 |
| TL-INT-05 | 5ml syringe | 100 |
| TL-INT-10 | 10ml syringe | 100 |
| TL-INT-20 | 20ml syringe | 100 |
| TL-INT-30 | 30ml syringe | 50 |
| TL-INT-60 | 60ml syringe | 50 |
| TL-060-18 | Orange-striped low volume minibore tubing, oral female adp, non-removable slide clamp, universal enteral connector | 100 |
| TL-060-19 | Orange-striped low volume minibore tubing, oral female adp, non-removable slide clamp, non-vented tethered cap, universal enteral connector | 100 |
| ENPU-20-50 | 5 French, 20" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPU-36-50 | 5 French, 36" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPU-20-65 | 6.5 French, 20" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPU-36-65 | 6.5 French, 36" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPU-20-80 | 8 French, 20" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPU-42-80 | 8 French, 42" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPU-42-100 | 10 French, 42" Polyurethane feeding tube for use up to 30 days | 10 |
| ENPV-16-50 | 5 French, 16" PVC feeding tube for use up to 3 days | 50 |
| ENPV-16-65 | 6.5 French, 16" PVC feeding tube for use up to 3 days | 50 |
| ENPV-16-80 | 8 French, 16" PVC feeding tube for use up to 3 days | 50 |
| ENPV-36-50 | 5 French, 36" PVC feeding tube for use up to 3 days | 50 |
| ENPV-42-80 | 8 French, 42" PVC feeding tube for use up to 3 days | 50 |

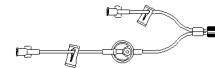

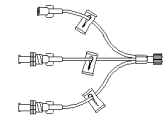

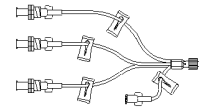

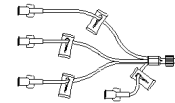

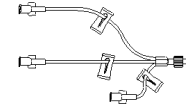

INTOPO™ System GraviFeed

| CATALOG NUMBER | DESCRIPTION | QTY/BOX |
|----------------|--------------|---------|
| GF-30 | 30ml syringe | 50 |
| GF-60 | 60ml syringe | 50 |
| GF-001 | Plunger | 50 |
| GF-002 | Primer | 10 |
| GF-003 | Rack | 1 |

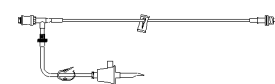

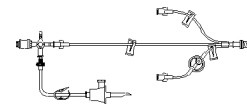

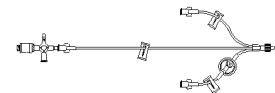

MEDSAFE™ and MULTI ACCESS

| CATALOG NUMBER | DESCRIPTION | QTY/BOX |
|----------------|--|---------|
| BG-004-02 | Low volume miniboretubing, tri-furcated ext set, female luer locks, non-removable slide clamps, rotating male luer lock (Med-Safe) | 50 |
| BG-004-03 | Quad-furcated ext set, low volume minibore tubing, female luer locks, non-removable slide clamps, rotating male luer lock (Med-Safe) | 50 |
| BG-005-01 | Quad-furcated ext set, minibore tubing, check valves, female luer lock, non-removable slide clamps, rotating male luer lock (Med-Safe) | 50 |
| BG-004-05 | Minibore tubing, tri-furcated set, female luer lock, two check valves, non-removable slide clamps, fixed male luer lock (Med-Safe) | 50 |
| BG-008-01 | Minibore tubing, bi-furcated set, female luer locks, non-removable slide clamps, rotating male luer lock, 0.2 micron filter | 50 |

CLOSED IV SYSTEM

| CATALOG NUMBER | DESCRIPTION | QTY/BOX |
|----------------|---|---------|
| HR-004 | Microbore tubing, 4-way largebore stopcock, female luer locks, non-removable slide clamps, 0.2 micron filter, rotating male luer lock, needleless valve | 50 |
| HR-006 | Macro-bore tubing, large vented spike, pinch clamp, back check valve, 4-way largebore stopcock, needleless valve, microbore tubing, female luer locks, non-removable slide clamps, 0.2 micron filter, mini tri-connector with anti-siphon valve | 50 |
| HR-008 | Microbore tubing, 4-way largebore stopcock, non-removable slide clamp, rotating male luer lock, Needleless valves | 50 |
| HR-012 | Microbore tubing, large vented spike, pinch clamp, check valves, needleless valve, non-removable slide clamp, anti-siphon valve | 50 |
